Issue Number 50

Editorial

This issue of Broadsword magazine is a milestone issue, in that there have been times over the years where we thought that the Broadsword would not survive, but in the spirit of British National Socialist defiance Broadsword magazine lives on.

Much has changed over the period of time that we have been writing and publishing Broadsword and it is a sad reflection that Britain has sunk even deeper into the multi-racial mire.

Mass Third World immigration into Britain and Europe refuses to end, in fact it has increased in intensity.

The flood-tide of immigrants was not helped by the open-door policies of the Blair-Brown Labour government, and the expansion of the European Union has allowed a massive influx of East Europeans to settle in Britain, worst of all the many thousands of the unwanted non-Aryan Roma.

The European Union has an even tighter grip on Britain, its economy and foreign policy, with ever greater EU demands to control British domestic policy and Britain's laws.

In the lifetime of this publication Britain has been involved in military mis-adventures and the wars in Iraq and Afghanistan at the behest of the United States.

The UK Government remains closely aligned to the State of Israel and pro-Zionist politicians continue to direct British foreign policy.

In the face of so many negative pressures, Broadsword remains optimistic that the revival of British National

Socialism will take place and that this humble magazine can be a small part of the campaign to

TAKE OUR COUNTRY BACK !

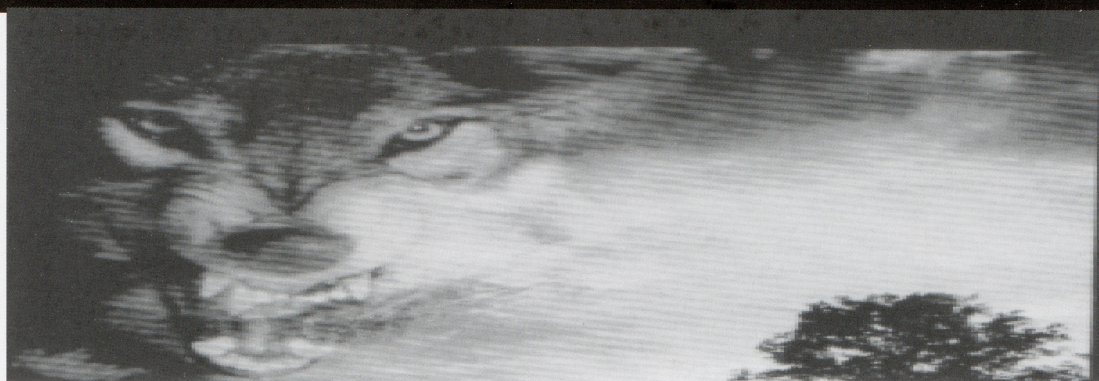

BROADSWORD NEEDS EXTRA FUNDS

Although the cost of printing and producing Broadsword magazine has increased and our postal charges have greatly increased, we have held the cover price and subscription price at the old level.

BUT - Broadsword is struggling to meet its costs and the last issue number 48 did not come close to breaking even.

We urge our readers and supporters to help to increase the sales and circulation of Broadsword. Broadsword needs extra funding.

To March or Not to March ? That is the Question

Some British National Socialists and racial Nationalist long for a return to the old style street marches, demonstrations and parades of the 1970's and '80's. The flags and banners, the rattle of drums, the sound of marching feet, the spectacle and sense of belonging as the columns of marchers walk in step, arranged in ranks. Alas, times have changed. Will Britain's streets ever see such marches again?

From 2012 onwards, British Movement activists have raised the BM profile on the streets through a series of public protests, literature drives and street activities.

BM has also supported marches and 'flash-mob' events organised by other racial Nationalist groups. Inevitably there has been a push from some quarters for BM to stage an organised march, especially when there has been a high profile issue such as the Rotherham Grooming scandal.

Some veteran campaigners are seeking to march out of a sense of nostalgia - a return to the 'Old Days'.

The hostility of the Police to Nationalist demonstrations

cannot be underestimated.

In this part of the 21st Century, senior police officers and divisional commanders are appointed for the their political stance as much as their knowledge and experience of policing. Senior police officers have achieved their rank and status by convincing the Home Office that they are committed to '*community policing*', to '*community cohesion*' and the defence of multi-culturalism.

Anything that is deemed to challenge the balance of this situation is regarded as a threat, a public order problem and a cause for concern. Police commanders will brief their subordinates

that such expressions of British Nationalism as marches and parades are to be treated as a threat and from the word 'Go', the police will be hostile towards that march, no matter how disciplined, orderly and peaceful the organisers intend it to be. In recent years one only has to look at the experience of the English Defence League (EDL) and the National Front (NF) when it comes to the policing of both marches and static rallies.

So for the present time the official British Movement position is not to stage large turnout marches, but to continue the current 'White Towns' strategy.

MULTI-RACIAL MADNESS

Broadsword looks at the stories and incidents drawn from across the media in Britain that best illustrate the depths into which our country has sunk, as the Government, the media, the police and the Race Relations industry conspire against the indigenous British people to impose a multi-cultural society on Britain. How British culture, values and traditions are undermined by political correctness, minority interests and racial equality. Stories which reveal the harsh reality of life in a multi-cultural Britain and the betrayal of the White British majority population.

THE ROTHERHAM CHILD-SEX GROOMING GANG SCANDAL PROOF OF THE TOXIC EFFECTS OF MULTI-CULTURALISM

Even if all the perpetrators in Rotherham were brought before the courts tomorrow, there are still many other people who should face prosecution for the 16 years of sexual abuse, rape, beatings and child prostitution and trafficking.

Those others are the Asian men mentioned in the Jay Report in other towns who bought and sold the girls from Rotherham. Men hiding away from justice in the Asian communities in Manchester, Leeds, Bradford and Sheffield.

So too in the dock should be all the Labour party councillors and officials from Rotherham Council who covered up the abuse. So too the white Police officers from South Yorkshire Police who failed to act, refused to arrest known Asian sex-offenders because they might be called 'racist'. Then before the courts the disgusting civil servants from the Home Office who tried to hide the evidence in 2003 and refused to accept the truth about race and ethnicity in the sexual abuse reports.

From left: Adil Hussain, Mohsin Khan, Razwan Razaq, Umar Razaq and Zafran Ramzan. The five Rotherham men were jailed for child sex offences in 2010.

The guilty men from the Rotherham Asian grooming gang trial in 2010. These five 'British-Pakistanis' are the only ones from Rotherham convicted in a 16 year period. How many more offenders are there hiding amongst the Asian colonists in Rotherham?

Rotherham is just the latest and so far the largest sexual exploitation case to make it into the media spotlight.

However, there are already rumours leaking out into the media that there may be even larger cases waiting to be uncovered in West Yorkshire (Bradford) and also across Greater Manchester.

ROTHERHAM

Race is the issue here even though the forces of multi-racialism and diversity refuse to accept it. In 2010 there were just five men, five men of 'Pakistani-heritage' convicted of raping and sexually exploiting under age White British girls. Given the latest figures say that there are more than 1,400 victims from across a 16 year period in Rotherham, there must be many more rapists and child abusers in the town, those convicted in 2010 were too young to have been operating since 1997.

The BBC 'Panorama' Documentary on the Rotherham Abuse Scandal - broadcast on September 1st 2014.

This TV report actually lifted the lid on how far the forces of 'multi-culturalism' had conspired to hide the truth about the sexual exploitation of children in the borough of Rotherham.

(What was revealed was shocking enough but Broadsword wonders what was left out of the report ?) Most telling were the details given by a former researcher for the Home Office, working with Rotherham Council at the 'Risky Business' youth project in 2003. The researcher told one of her superiors at the Home Office about the scale of child sex abuse in the Rotherham area, and emphasised that the victims were under age White girls and the offenders were all Pakistani men. She was immediately told; "Never refer to that again! Never refer to Asian men." The researcher was then booked on to a two day long training course on 'Ethnicity and Diversity', to correct her obviously unacceptable 'racist' attitude.

MULTI-RACIAL MADNESS

Refugee wins £2m fight

On this page we reproduce a number of headlines from a selection of national newspapers such as 'The Daily Mail' and the 'Daily Express'. Certain pro-immigrant and anti-racist are trying to pressure journalists into not reporting these stories because they portray immigrants and asylum-seekers in a negative way. Broadsword says - the Truth Hurts - but the controlled British media only reports a fraction of the really negative stories that are out there.

It Is Not Just Britain or Europe That Faces An Invasion From The Third World

THIS ARTICLE COMES FROM A NEWSPAPER
IN THE USA

Illegal immigrants bring serious new health threats

Seventy-five percent of current illegal immigrants are coming from countries in Central America, South America, the Middle East, West Africa, China, India, Pakistan and others far beyond Mexico, where multi-drug resistant tuberculosis (MDR-TB) is common and extremely widespread in children and adults. Extensively Drug Resistant TB (XDR-TB) is an even more serious form of TB, accounting for about 10 percent of cases in these countries, particularly Central/South America and India. Many illegal border crossers now flooding the U.S. southern border are carrying an invisible, disease-causing co-traveler: the Mycobacterium tuberculosis bacterium.

MDR-TB does not respond well to treatment, even with complicated and expensive medications that must be taken over a two-year period and can cause severe adverse drug reactions. XDR-TB doesn't respond well even to second-line drugs and therefore is more likely to cause death.

Tuberculosis, or "consumption" as it was called in the past, is a highly contagious disease that killed millions before being essentially eradicated in the U.S. In the 1920s, TB was the 8th leading cause of death in children 1-4 years old. By the 1960s, with improved sanitation, medical care, and antibiotics, TB was drastically reduced. The last remaining TB hospital in the U.S. recently closed its doors.

July 2014
Elizabeth Lee Viet
National Columnist

In Central and South America, where public health programs are limited and antibiotics are not widely available, TB is a widespread, debilitating, and deadly disease. Consider data from World Health Organization, WHO:

- TB is second only to HIV/AIDS as the greatest killer worldwide due to a single infectious agent.
- In 2012 alone, 15 percent of the reported 8.6 million cases resulted in death.

- HIV/AIDS and TB are a lethal combination, each disease accelerating the progression of the other. People with HIV/AIDS who are exposed to TB are 30 times more likely to develop the disease, with a death rate of over 20 percent, or 1 in 5.
- TB is the third leading cause of death for women ages 15-44 in low and middle income countries.

All age groups are at risk, though TB primarily affects young adults. About 80% of those crossing our southern borders in this latest wave are in this age group.

Hardest hit are people those with compromised immune systems: HIV/AIDS, cancer, and elderly patients.

TB is spread when infected people cough or sneeze. People can inhale the bacteria laden

droplets in the air. In the crowded, hot, humid detention centers, conditions are perfect for the spread of TB - as well as dengue fever, Chagas, Ebola, chicken pox, measles, mumps, whooping cough, scabies, and lice.

After exposure to TB, the incubation period can range from 2 to 12 weeks after a positive TB skin test. Long before this incubation period is over, illegal immigrants are being shipped to communities throughout the United States, risking major spread. ECG is the vaccine for TB, but it has limited effectiveness and also destroys the usefulness of the skin test.

Symptoms of TB include fever, loss of appetite, weight loss, weakness, fatigue, and constant coughing, sneezing and spitting up blood, along with marked chest pain. If not properly treated with antibiotics, people die of loss of oxygen (asphyxiation) due to the bacteria's massive destruction of the lungs.

Border Patrol agents have already tested positive for TB. Breitbart reported on July 8 that a previously deported illegal from Guatemala with active TB infection was admitted to UMC El Paso Hospital. Cases of TB have been identified in the illegal immigrant camps in San Antonio, Austin, and El Paso, Texas, but we do not have information released on the situation for Arizona with the plane loads of illegal immigrants being shipped to Arizona from Texas.

The Department of Health and Human Services (HHS) has downplayed the risks, but anonymous nurses and doctors from Lackland AFB have come forward to say that the government is covering up a serious public health threat. One health care worker was quoted saying: "The amount of tuberculosis is astonishing. The nurses are telling us the kids are really sick."

Normally the CDC would be providing warnings and preventive steps, for the public to take. This time, however, the CDC has been strangely silent. In fact, medical staff at detention centers have been threatened with criminal prosecution if they report these cases to the public or press.

This suppression of critical medical information is egregious negligence, putting millions of Americans at serious risk. Americans need to demand that Congress and public officials provide answers and appropriate steps to control the spread of disease before thousands of Americans die.

Dr. Viet is a preventive and climacteric medicine specialist with medical practices in Tucson and Dallas that take an integrated approach to evaluation and treatment of women and men with complex medical and hormonal problems. She is a past Director of the Association of American Physicians and Surgeons (AAPPS). For more on health care, go to www.aapsonline.org

The public health concerns in the USA are discussed more openly in the press than in the UK.

Golden Dawn Continues to Defy the Forces of State Opression and Continues to Make Progress A Report from Broadsword's Correspondent in Athens

The persecution and prosecution of our Movement by a corrupt legal, political, and media system has been almost completed with the incarceration of Helias Kassidarius. Now, our leader Nikolaos Michaloliakos and seven other G.D M.P's are in jail. Another seven G.D M.P's are free but with a series of unheard of (weird) terms imposed on them by the corrupt. left-wing attorneys; including the ban of any political activity by any one of them !

Two other ex- Golden Dawn MP's have defected; one (who never was a G.D member) because of plain cowardice, the other because he was bribed with £500,000 by special interest groups directly connected to the ruling Government party. But - we have escalated our activities and we also have brought the whole case before the EU Parliament, now that Golden Dawn has three Euro-MP's.

The financial situation is quite hard for our Movement, since any official funding has been cut by the dictatorial powers that be in Hellas and abroad.

There are also tens of other Golden Dawn members who were sent to prison just for being proud Golden Dawn members.
We will never give up !
Golden Dawn will never die !
Hellas will prevail !
Hail Victory comrades !

FRANCE

FRONT NATIONAL WINS SEATS IN THE FRENCH SENATE

A major political and electoral break through has taken place in France.

September 2014 and a major step forward for the Front National as 2 seats in the French upper parliament are taken.

The FN candidates, Stephanie Ravier from Marseilles, and David Rachline the Mayor of Frejus were the historic first Front National senators to be elected.

The election of two FN candidates to seats in the French Senate is seen across France as not only a symbol of the electoral advance of the FN into mainstream French politics, but also as a humiliating defeat for the ruling Socialist Party and the Left-wing government of Francois Hollande.

In France at least the tide is turning against the forces of liberalism and multi-culturalism. The Left are seen as the defenders of immigration and the Front National is leading the fight-back for White France.

GERMANY OBITUARY MANFRED ROEDER

MANFRED ROEDER

Broadsword was saddened to hear of the death of veteran German Nationalist and political campaigner Manfred Roeder.

Manfred Roeder was a member of the Hitler Youth, before entering military service in the Wehrmacht aged 16. He took part in the Battle of Berlin in April 1945 as one of thousands of teenage defenders of the city against the Red Army.

In the 1950's he trained as a lawyer and put his legal skills to good use in his political campaigns.

He founded a Nationalist organisation, the Deutsche Burgerinitiative and liaised with German veterans organisations and old National Socialists. He campaigned for the release of Rudolf Hess and was an active member of numerous anti-immigration demonstrations across Germany.

In his later years his home became a centre for pan-European Nationalist events, particularly the celebration of the Summer Solstice.

His death will be a great loss to the Europe wide racial Nationalist movement.

BRITISH MAGAZINE

WHITE CHRISTMAS DRIVE

A pro-white group out of England, known as the British Movement, carried in one of its recent editions of their magazine, Broadsword, a copy of our White Christmas Drive (WCD) leaflet. This is most generous of them and we feel obliged to reciprocate. For those unfamiliar with the WCD, this is our annual program to assist needy white kids and elderly. This upcoming WCD will be our 15th annual drive and it is one of our most popular programs.

As the globalists continue their global land grab it is imperative for all those who seek to prevent them from realizing total global power, to come and work together. I can't say that we will never get another crack at this, but with technology the way it is, one could argue that it is now or never. This is why we will work to empower anyone and everyone who stands against these power-hungry, globalist misanthropes. If there ever has been a time when there has been a need for a sense of urgency, then now is such a time!

Anyone wishing to contact the British Movement can do so by writing them at: Broadsword, P.O. Box 6, Heckmondwike, West Yorkshire, England WF16 0XF. And thanks again to the British Movement! Oh, and if you expect them to send you a copy of this magazine, send them like \$5.00 donation. Don't be a burden to the movement, be an asset.

OPERATION BOOTSTRAP

In a recent telephone conversation with Tina Higgins of Ar-

yan Syndicate (P.O. Box 592, Syracuse, NY 13206), we discussed some of the challenges facing our race and this movement in particular. One of the things discussed was just how infected some of our own people have become with the mentality of enlightenment that permeates this nation. This included addressing the need to educate inmates as to the responsibilities ahead of them once they return to society. To accomplish this we concurred on the need to start a specific program tasked to this. At Tina's suggestion, we agreed to call it Operation Bootstrap. This will be strictly an educational program, and will in some ways include something I have longed to do for some time, and that is to begin an Aryan Academy that will feature academic courses. Because of our limited resources, we will start by doing two things: 1) We will carry up to 200 inmates on our list with a complimentary subscription. This will be on a first come, first serve basis. 2) We will dedicate one page in White Voice to the Aryan Academy. At first we will start with simple things like spelling and vocabulary building, and then we will move on to such things as resume writ-

ing, and hopefully progress into something that will give our people skills needed to succeed in society.

Of course, this will be a learning opportunity for all of us, and I expect to learn some things as we go along.

My own personal philosophy on knowledge is basically this: If I learn one new thing on any given day, then it has been a good day.

I am sincerely hoping that Operation Bootstrap will catch on, and that the Aryan Academy will evolve into something really special.

Of course, the first thing that we have to do is clear the air about responsibility. We live in the Age of Impossibility. No one accepts responsibility for anything, not their actions, nothing. This creates a victim mentality, which is something a healthy society and individual find repugnant.

Honest work is not shameful regardless of the position. Stealing at the bottom rung only means that you have no where to go but up, if you so choose. But if you are doing honest work, and are happy with what you are doing, then by all means continue to do it and to the devil with how society views it. In this capitalist society, we are not viewed as successful, unless we own a private jet plane or limousine, but that is for the superficial and shallow. The truth is, honest work, any kind of honest work, should give you satisfaction. It is one of life's great rewards. If you aren't happy in your job, then you either need a career adjustment, or an attitude adjustment.

If you would like to be enrolled with Operation Bootstrap, then contact today by writing us at: P.O. Box 1281, Lockport, NY 14095.

USA

Acknowledgement of British Movement and Broadsword magazine by the Racial Nationalist Party of America - RNPA-

In the Overseas News section of several issues of Broadsword we brought to our reader's attention to the activities of the Racial Nationalist Party of America (RNPA), an organisation run by the veteran American White Nationalist Karl Hand. In particular Broadsword has reported on the the annual Folk Community fund raising project 'White Christmas Drive' (WCD) by the RNPA in several states of the USA.

The 'White Christmas Drive' raises donations to provide food, clothing and children's toys for impoverished White families at Christmas time. The RNPA has operated the 'WCD' successfully over several years and looks to expand and develop the project year on year.

This type of Folk Community project is not unlike some of the National Socialist Folk Community projects being developed by British Movement in the UK and deserves to be recognised, valued and possibly emulated here in Britain.

The RNPA were kind enough to comment on the inclusion in Broadsword and featured the full front cover of the relevant issue of Broadsword (Issue number 43 - Winter 2011/2012) in their bulletin, 'White Voice'.

BENEFIT BRITAIN

A TV Documentary screened by Channel Five in July 2014.

One episode focused on the Roma who were settling in South Yorkshire.

**The East European Roma are probably our best recruiting agents: -
by their very presence in Britain.**

By their own behaviour; every crime, every scam, every lie, their every act of anti-social behaviour and petty criminality helps to re-enforce our propaganda message and strengthens the British Movement case against immigration and the settlement of Eastern Europe's unwanted Roma population here in the UK.

The beauty of the Channel Five documentary was that the Roma immigrants were condemning themselves out of their own mouths.

Boasting about benefit scams, being matter of fact about the theft of scrap metal, of shoplifting from supermarkets and other petty crimes.

It is of course much easier for police officers to occupy their time arresting local British lads for rowdy behaviour outside pubs on a Friday or Saturday night than to arrest some Roma for petty theft, shop-lifting or defecating in a local park.

If the police arrest Roma, they know that every aspect of the arrest will be scrutinised by the local Community Relations legal team in minute detail.

They know that the arrest of Roma will require a lot of extra paperwork, it will require a lot more time than a regular arrest, it will need the expensive services of translators (when their duty Inspector is stressing the need not to exceed his operational budget).

No doubt some very clever middle-class Community Cohesion co-ordinator will come forward to defend the actions of the Roma. There will be highly researched references to some notable sociological study carried out by a prominent lawyer in an Immigrant Welfare organisation that insists that the

Roma in the UK require more support and more facilities and better '*understanding of their needs*'. Labour Party activists and Liberal Democrats will nod wisely and sympathetically at the weasel words of the pro-Immigrant spokesperson and will hope that once settled in Britain the grateful Roma will become regular Labour or Lib-Dem voters.

Once again the White British working-class will be over-looked, condemned as intolerant and ignored.

Of course the mainstream media will find some suitably acceptable Roma teenager to interview about his life; the racist persecution of his family back in Slovakia/Czech Republic/ Romania/ Bulgaria/Hungary (delete as appropriate).

He will of course explain that he had to marry his 14 year old cousin when he was 16 years old but really wanted to be the first in his family to go to university so that he could fulfill his ambition to become a doctor/human rights lawyer/architect (delete as appropriate) Sadly he is unemployed, living on benefits and the father of five children at the age of 21. He does of course want to work and contribute to his new life here in Britain.

HAVE WE NOT HEARD THIS ALL BEFORE?

BROADSWORD'S CAMPAIGN AGAINST

'POLITICAL CORRECTNESS'

A Weak Judicial System Fails To Deal Harshly With Sex Offenders Liberal Policies Are Being Forced On British Society.

British Movement Demands A Crack-Down On Paedophiles and Sexual Degeneracy.

THE GOVERNMENT AND HOME OFFICE COVER-UP OF HISTORIC CHILD SEX-ABUSE CASES BY MEMBERS OF PARLIAMENT AND SENIOR CIVIL SERVANTS

In July 2014 the British media has become increasingly excited about allegations of a paedophile ring operating out of Whitehall and the Palace of Westminster in the 1980's and 1990's.

In light of the revelations about Jimmy Savile and the emerging details about the sexual abuse of under age boys by the late Cyril Smith MP, which were covered up by the Labour Government of the day and later by the Tory Government of Margaret Thatcher. Former Conservative Minister Lord Tebbit admitted in a BBC TV interview that during the 1980's, *"At the time I think most people would have thought that the establishment, the system, was to be protected and if a few things had gone wrong here and there that it*

was more important to protect the system than to delve too far into it." When asked by interviewer Andrew Marr if he thought that there had been a cover up, Lord Tebbit said that it was most probably the case. Incredibly 114 files at the Home Office relating to these alleged sex crimes have 'been lost' or were officially destroyed.

This is how a so-called 'Democracy' defends itself. Although it was known that senior figures at Whitehall were sexually abusing under age boys and girls the establishment closed ranks to protect them.

'Democracy in action'

Footnote: A former Downing Street advisor to Prime Minister David Cameron; 63 year old Patrick Rock has been charged with possession of indecent images of children.

IF MEMBERS OF PARLIAMENT WERE INVOLVED WITH 'RENT BOYS' OR WERE PART OF A PAEDOPHILE RING THEN THE SECURITY SERVICES, SPECIAL BRANCH AND MI5 WOULD HAVE BEEN AWARE OF THIS AND COULD HAVE ARRESTED AND PROSECUTED THOSE INVOLVED. BUT.....

CONSIDER THIS

The following story was passed to Broadsword recently and was partly in response to stories about the paedophile activities of the former Liberal MP Cyril Smith.

"In the Spring of 1970, at a main London railway station, a carrier bag was found during a routine security search before the station closed for the night.

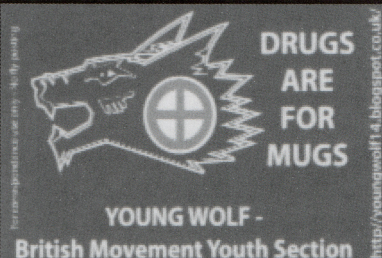

When railway staff examined the bag, it was found to contain an odd assortment of letters and photographs. The photographs appeared to have been taken at some kind of 'kinky - sex' party attended by some well known figures from the entertainment business and also some recognised Westminster politicians.

One set of photographs showed a famous 'Pop Star' (who professes to

be a devout Christian) dressed in women's underwear and in the company of a group of obviously young boys.

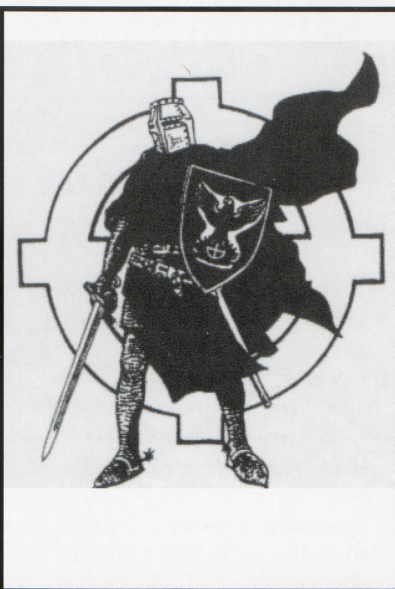

The bag was taken to the station office and a senior railway staff member began to prepare a report on the contents with a view to logging the bag into 'Lost Property'. While the report was being prepared, three plain clothed officers suddenly arrived in the station office and identified themselves as being one Special Branch officer and two officials from MI5.

The trio of security officers demanded that the bag and the photographs be handed over to them. These men took possession of the bag and its contents and left the building. The incident was not mentioned again or acknowledged by the Metropolitan Police."

**WHO CONTROLS THE TRADE
IN STREET DRUGS IN OUR
COUNTRY?**

**WHO PROFITS FROM THE
SALE OF HEROIN, 'CRACK',
ECSTASY OR COCAINE?**

National Socialism is the guardian of Britain's traditional moral standards. British Movement calls for a national crusade against moral degeneracy.

Clear out the drug dealers and the sub-culture of street drugs.

Crack down on perverts and sexual degenerates.

Launch a nation wide campaign to expose and purge our society of child molesters and paedophiles.

London On London

A National Socialist View of Life in Britain's Capital City
The Struggle For Survival of White British Londoners in the Swamp of Multi-Racial Chaos
and Enforced 'Diversity' That Has Taken Over Greater London

By Broadsword correspondent Ed London.

Now that the White British are officially an 'ethnic minority' in London it is even more interesting to see how the 'majority' non-white communities conduct themselves and contribute to the diverse cultural and economic life of Britain's 'First City'.

THE GREAT TASK AHEAD

In the wake of the May 2014 local elections this is how one London dwelling non-Aryan Leftist described Britain's capital city...

"London's glory is its diversity - 7 million people, 14 faiths and 300 languages - it's the most multi-cultural city in the world."

That is the challenge to all right thinking British National Socialists and racial Nationalists - our capital city is temporarily lost to us.

Before we can take London back we must awaken and reclaim the rest of our country - then, and only then can we begin the final battle and take London back for the White British.

The Return of the Same Old Story... Israel attacks Gaza and slaughters civilians but the 'real' problem is the rise (again) of 'Anti-Semitism' in Europe and Britain.

The above picture and caption appeared in the 'Daily Express' on September 1st 2014.

The placards read

"ZERO TOLERANCE FOR ANTISEMITES"

Can this hysterical headline really be true?

Or is the old smokescreen story being trotted out again to distract attention from a catalogue of war crimes and the crimes against humanity that were committed in Gaza this Summer by the Israeli Defence Forces?

'Multi-cultural London' - a new dialect in spoken English in the 21st Century.

In all the press coverage of the Isis jihdist beheading of the American journalist James Foley in Syria, has been the scramble to identify the hooded jihadist killer.

Much has been made of the killer's 'London/British' accent, pundits claim that it identifies the jihadi as having grown up in London, Essex or Kent.

A linguistics expert at the University of York, Professor Paul Kerswell told the press that he thinks the killer,

"spoke in multicultural London English, most commonly found in the East End."

Qualifying this view by stating;

"multicultural London English, which is people from all kinds of backgrounds who mix in the East End - a new kind of Cockney."

So, another unwelcome aspect of mass immigration, our spoken language and traditional dialects are now being 'multi-culturalised too.'

Ex-Radio 1 DJ admits years of child abuse

FORMER Radio 1 DJ Chris Denning yesterday admitted sexually abusing 19 boys as young as nine.

The 73-year-old pleaded guilty to 29 historical offences, including 26 indecent assaults and three of gross indecency on children.

His offences began in 1967 - when Denning (pictured) was among a team of BBC DJs who launched Radio 1 - and ended in the 1980s.

He is accused of abusing 22 victims but denies 12 allegations in relation to six of the boys aged between ten and 16.

These included buggery, gross indecency with a child, indecent assault on a male and attempted buggery.

Denning suffers from Par-

kinson's disease and diabetes. South-west crown court was told. He also had a heart attack in 2009 and struggles to walk after enduring a spine fracture.

Denning, of Basildon, Essex, is the fifth person to be prosecuted under Operation Yewtree, the investigation launched in the wake of the Jimmy Savile abuse scandal.

The DJ worked alongside big names such as Tony Blackburn, Kenny Everett, Terry Wogan and John Peel. His was the first voice heard on BBC2 when it launched in 1964.

Judge Alistair McCreath remanded him in custody until his trial on November 24.

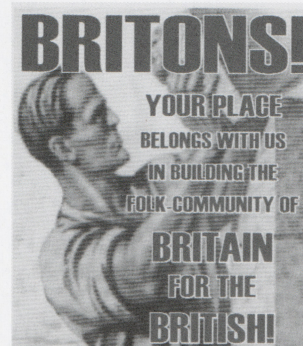

'Swinging London' in the 1960's opened the doors to all kinds of decadence and sexual deviancy. So many Show Business personalities are now being outed as being involved indecades of sexual abuse.

MOVING FORWARD

The Ongoing Struggle
to Bring National Socialism
to 21st Century Britain

BRITISH MOVEMENT
The Voice of National Socialism in Britain

**WE WILL HAVE
OUR
COUNTRY BACK
!**

British Movement is an extra-parliamentary organisation, it operates and campaigns outside the electoral system to effect change by building a mass movement of activists and a National Socialist counter culture.

It is a fact of modern life in Britain that too many ordinary people are afraid to speak out against immigration, multi-culturalism or the actions of non-whites in case they are accused of being 'racist'.

It is part of the British Movement propaganda strategy to demonstrate to these people that they are not isolated, they are not wrong to think this way - they are justified in opposing multi-culturalism, and they must not be bullied into silence by the 'politically correct'.

We must hammer home the message that the White British are the victims in a multi-racial society.

Multi-culturalism has been imposed upon the ordinary British people over a 70 year period by a metropolitan, liberal - Leftist elite who are out of touch with the lives of White British people. Multi-racial Britain has been forced onto the British by an ideologically driven political class.

**We Must Not Have All Our Eggs In One Basket
Campaigning Against Immigration And Multi-Culturalism Is Essential
But BM Will Also Focus On Other Causes Of Our Nation's Distress
Such As Poverty, Debt, The Banks, Political Corruption And Crime.**

Hearts and Minds

We are not seeking to convert all the White British people to our cause. Rather we are seeking to awaken a sizeable percentage of the White population of the United Kingdom to the National Socialist message, to generate some level of racial awareness, racial pride, national pride, patriotism and a rejection of the multi-racial society and all aspects of multi-culturalism.

GROOMING GANGS

'Operation Sanctuary' Another Police Investigation This Time In the North-East of England

**When is this sordid business going to end?
How many more vulnerable, under-age
White British girls are going to be violated
and passed around like Halal meat?
When are the authorities going to admit
that race is a factor in the ongoing series
of investigations and arrests of organised
gangs of Asian Muslim men?**

As this article was being written for Broadsword, the answer to the above question was answered by the breaking story around the Rotherham scandal.

Local councils, social services and police are falling over themselves to declare a 'new approach', a new 'open-ness' to trot out the ridiculous Blairite mantra "*lessons have been learned*"; to deny past cover-ups because of political correctness or the fear of being seen as 'racist' for accusing Asian men of targetting under age White girls.

One example of the new 'open-ness' is the admission by Kirklees Council, which covers Dewsbury, Batley, Huddersfield and the surrounding towns and villages, has admitted that it has a list of 22 young girls, half of them living in local authority

**'OPERATION SANCTUARY'
IS CENTRED ON NEWCASTLE UPON TYNE
AND INCLUDES SEX-CRIMES AGAINST
UNDER AGE GIRLS IN THE CITY AND IN
A NUMBER OF SURROUNDING TOWNS**

Local Nationalist organisations have been actively campaigning against the presence of grooming gangs operating out of the regional Asian Muslim communities.

This is an extract from a hard-hitting leaflet distributed by the NPF:-
'Campaign Against Paedophile Grooming Gangs'.

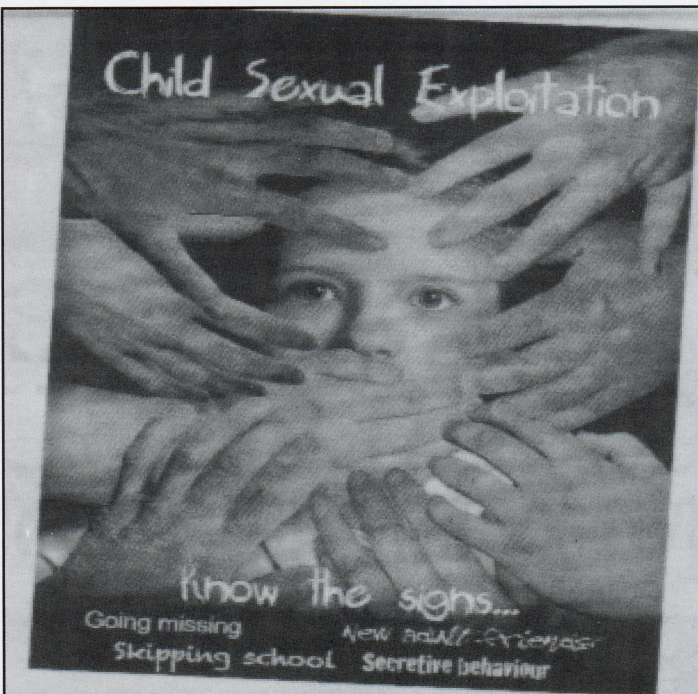

**WE MUST STOP THE ACTIONS
OF THESE VILE PERVERTS

care, who are at risk of Sexual Exploitation (Grooming).

In a press statement Kirklees Council said that it was "monitoring" a total of 33 possible or potential perpetrators; for the first time ethnic origins were identified, 25 Asian men, 6 black men and 2 white men. Given that White British people are still the majority population of the UK, including the Kirklees area, the ethnic breakdown of these perpetrators does seem somewhat skewed towards non-whites.

Perhaps some clever politically correct social worker can come up with a reason why this is the case?

As Broadsword has said many times about these crimes, race is a factor.

'Child Sexual Exploitation'

**The Authorities Have Given It A Name That
The Politically Correct Can Cope With..**

The poster reproduced here is currently being circulated around social services, schools, police and NHS in West Yorkshire and the design is as close as many politically correct social workers dare to go in identifying the real problem.

The problem '*they*' dare not name - 'Grooming gangs' - more accurately networks of Asian Muslim men who target vulnerable, under age White British girls for sex. The illegal trafficking of these children as prostitutes, the rapes, beatings, torture, the supplying of drugs and alcohol to minors, the filming of sexual activities with children are all part and parcel of what has been happening for years, if not decades.

Across the country, especially in towns and cities with large, settled Asian communities, the authorities are starting to panic. The cover up climate that has previously surrounded these cases was breached by the Rotherham revelations and councils, social services and police are now desperately trying to cover their collective backsides.

FAR-RIGHT GROUP 'POISON' BLASTED

JAMES MCCARTHY

Reporter
james.mccarthy@walesonline.co.uk

A "POISONOUS" far-right group operating in the South Wales Valleys has come under fire after setting up a wing to recruit children.

Under the banner of Young Dragons, 'white power' group the South Wales British Movement has been taking youngsters on away days to the beach at Porthcawl and Welsh beauty spots including Abergavenny and Caerphilly Castle to build what they claim is their 'ever-growing movement family'.

Pictures on the group's Facebook page show youngsters posing in blue and red Celtic cross T-shirts - a symbol that has been hijacked by racists around the globe.

On their website, the extremists, who use the image of murdered soldier Lee Rigby as their profile picture, claim the visits were "to teach and show them the history of the area."

"Along with that a picnic and 13-a-side football game was held," the site says.

Other pictures show adult members posing in rooms emblazoned with swastikas, Nazi memorabilia and posters celebrating slavery.

In recent weeks the group has been posterizing and leafleting the streets of Valleys towns, including Blackwood and Tredegar, outlining their dream of bringing National Socialism to Wales.

"British Movement believes that the time for a rebirth of National Socialism as a mass movement in Britain is now," they write in their manifesto. It goes on: "Unless the British set - we the Aryan white British will be the racial minority in our homeland by the year 2100," claiming only National Socialism could "stop this dis-

Images from the Facebook page of The South Wales British Movement which shows swastikas and children's days out

aster and restore racial and national pride in our folk."

Neath MP and Anti-Nazi League founder Peter Hain said: "This is scum and poison, basically. These sort of ideas are alien to Wales' values and history and it is important that we confront them wherever we find them. The fact they are trying to prey on the young kids who may be vulnerable or unemployed is dangerous. And their use of Lee Rigby is grotesque. Fascists and Nazis do this kind of thing all the time. The BNP and the National Front are the same."

"Lee Rigby fought for his country but the British Movement would prefer Hitler ran it."

War hero Simon Weston - who suffered 16% burns when the Sir Gala had was bombed during the Falklands War - was also disgusted by their use of Lee Rigby in the week which marked the first anniversary of his death.

"Anyone that pushes fascism off the back of the death of a soldier is

represensible," the 52-year-old said. "Lee Rigby died because of other reasons, not because of anything to do with fascism or neo-Nazism. These are misguided idiots, but they are dangerous idiots all the same."

"It is sad that we have got these people in a free country," said the former Welsh Guard.

And Mr Weston was also disgusted at their youth activities.

"By using the word 'dragon' they are taking our national identity and abusing that as well. How dare they! We stand for more than that."

Unite Against Fascism blamed the rise of groups like SWBM on problems faced by the British National Party.

UAF Wales secretary Jeff Thorford said: "This is typical of what is happening with fascists at the moment, they are splintering up with the breakup of the BNP."

"You are getting these odd-bods that may have been members of the BNP in the past and they are setting

up their own organisations."

The British Movement was founded in 1968 and was associated with fascist leader Oswald Mosley.

"With the BNP increasingly becoming a joke - they have lost all their councillors - starting your own group is almost a DIY thing for fascists," Mr Thorford said.

South Wales Police were contacted and issued a statement from the Association of Chief Police Officers.

The ACPo spokesman said: "People have a right to publish their views, but when these views become indecent, threatening or offensive then the individuals they affect also have the right to report them. The public have a responsibility to keep their comments on social networks within the law," the spokesman said.

"If they are not then the police will assist with any prosecution."

Wales on Sunday contacted the South Wales British Movement but no-one responded to our request for an interview.

British Movement Under Press Attack Again

In the last issue of Broadsword magazine, we reported on the highly inaccurate and hysterical attack on a British Movement propaganda drive in Belfast by the Northern Irish edition of the 'Daily Mirror'.

This time the press attack was on the activities of the SWBM, the South Wales Division of British Movement, and in particular the 'Young Dragons' youth wing of the BM in Wales.

The 'Wales on Sunday' newspaper for May 25th 2014.

It has been a long standing policy of journalists in the UK to deny a voice or political platform in the pages of newspapers to what the National Union of Journalists (NUJ) terms as

'Far-Right' or 'Fascist' organisations.

Dating back to the late 1960's, the extreme-Left have maintained their pressure on journalists to be hostile to any expressions of racial Nationalism and to main a 'No Platform for Fascists' editorial position.

The article in the 'Wales on Sunday' is a prime example of this press hostility to a British National Socialist organisation, and follows the long established pattern of exaggerated threats to society posed by our beliefs; the supposedly 'hateful' nature of our agenda, our literature and propaganda; and the 'fears' generated by our lawful activities. In what has become an established pattern of reporting, the article seeks out hostile quotations and opinions from public figures and our political opponents, but claims to have been 'unable' to make contact with, or to find a spokesperson for our Movement.

What the 'Wales on Sunday' said.....

" British Movement believes that the time for a rebirth of National Socialism as a mass movement in Britain is now."

..... " In recent weeks the group has been posterizing and leafletting the streets of Valleys towns, including Blackwood and Tredegar, outlining their dream of bringing National Socialism to Wales."

..... " Under the banner of Young Dragons, 'white power' group the South Wales British Movement has been taking youngsters on away days to the beach at Porthcawl and Welsh beauty spots including Abergavenny and Caerphilly Castle to build what they claim is their 'ever growing movement family'."

" What we must fight for is to safeguard the existence and reproduction of our race and our people, the sustenance of our children and the purity of our blood, the freedom and independence of the fatherland, so that our people may mature for the fulfillment of the mission allotted it by the creator of the universe."

NATIONAL SOCIALISM 'THE GREAT IDEA'

Several Years Ago a Greek NS Activist Described National Socialism as the 'Great Idea' - Now Broadsword Magazine Begins a New Series of Articles Exploring the Meaning and Ideology of British National Socialism in the Opening Decades of the 21st Century.

The 'Great Idea', what exactly does that mean?

Is it possible in this era of inter-continental population migration and multi-culturalism to challenge the political and socio-economic status quo to generate enough political will to over turn the present situation and create a mono-racial society?

After all National Socialism is built on the belief in a state and a nation where race is the primary foundation of citizenship.

The White British are destined to become a racial minority in their homeland if the current system continues. Eventually the White

British will be bred out of existence and our history, our culture, our traditions, our way of life, even our language will disappear under the mixed race, poly-glot population of the future. Most of the White British in the present day population do not realise this and have been bamboozled by the liberal political elite into accepting the situation.

This is why British Movement calls for the White British to "Waken Up" to face the cruel reality of multi-culturalism and a multi-racial society; 'Britain Awake!'

There can be no doubt that in the not too distant future the every day spoken 'English' of the UK population will be a form of 'patois' - bastardised English, sprinkled with borrowed words and phrases taken from various African, Asian and Caribbean dialects. Here and there perhaps

a few derivative words of Arabic, or Polish or Slavic Roma will become part of everyday speech. English as we speak it today will be eroded and replaced by the preferred 'New Speak' of the non-white, majority population.

To counter this nightmare vision of a possible future it is an absolute necessity that every effort is made to build up a grass-roots British National Socialist mass movement.

Political change through the British electoral system is denied to us, therefore we must operate outside the System.

Building and developing a British National Socialist alternative is the only way forward. That is not just a question of creating an NS counter-culture, but an NS alternative to the State provision and the social structures we reject.

Establishing racial Nationalist housing or community projects is another step in the right direction. The British Movement Land Fund project looks towards the purchase of land and buildings in the future where accomodation, holiday or recreational provision can be provided on land owned by the Movement.

Self-help social welfare projects such as the British Movement 'Bring A Tin' scheme are modelled on the old German NS 'Winterhilfe' organisation. We will look to take care our own and by-pass the organs of the State.

Social Welfare Provision

Taking a leaf from the German and Western European NS movements of the 1920's and the 1930's we should build and develop a movement led NS social welfare organisation as an alternative to the failing, over-burdened services provided by the State.

From small beginnings such as local food banks or clothing banks, the Greek Golden Dawn has actively demonstrated how it can build support from the dispossessed population of indigenous Greeks by distributing food and clothing.

In 1930's Britain, Sir Oswald Mosley's Blackshirts prevented the evictions of impoverished families and secured their possessions.

In modern Italy, activists from the pro-NS Casa Pound have taken over derelict buildings, refurbished them, and housed homeless Italian working-class families.

It can be done - if the will is there to build and challenge the System.

The '14 Words' - the principle is the bed-rock of 21st Century National Socialist thinking. In just 14 Words the basic tenents of National Socialism are condensed into a motto that is easily understood and states exactly what the motivation of the Movement is about.

British Movement - SCOTLAND

Whatever Happens in the September 2014 Referendum - British Movement Will Always Regard Scotland As A Vital Part Of The United Kingdom Of Great Britain.

As this article is being written, the Scottish referendum has not yet taken place. No matter what the outcome, British Movement considers Scotland to be a vital part of Great Britain and without *Alba*, Britain is weaker and is economically, geo-politically and racially vulnerable.

If the referendum goes to a 'Yes' vote and SNP leader Alex Salmond gets away with his con-trick, British Movement believes that whatever political, economic and constitutional 'stitch-up' is made with the Westminster Government, it will be possible at some future date to undo the damage and to re-establish Scotland as part of the United Kingdom of Great Britain. However this time under a new and National Socialist constitution.

This situation of course

pre-supposes that the referendum on Scottish independence will be allowed to go ahead in an honest and transparent 'democratic' way, without subterfuge by the Westminster Government.

If Whitehall determines that for economic, political and military reasons, Scottish independence is too much of a threat to the stability and security of Britain, then the executive will take steps to ensure that the vote goes ahead, but with certain measures in place to ensure that the 'Yes' vote is defeated.

Alex Salmond has promised the Scottish electorate that he will remove the Faslane nuclear submarine base from an independent Scotland, and the Royal Airforce and British Army bases in Scotland will also have to go. Given the current British government's determination to retain a

nuclear capability and to upgrade to an updated Trident system, the loss of Faslane is something that Whitehall and the Ministry of Defence will consider a move too far.

However in the best traditions of playing at 'democracy' but also defending the status quo at the same time, Broadsword is fairly sure that teams of hand-picked personnel from MI5 and other SIS bodies are already on standby to travel up to Scotland in mid-September to guarantee the electoral outcome that the Whitehall mandarins require.

No doubt the referendum will be presented as a close run thing, and the Whitehall Government will take note of the size of the 'Yes' vote and concessions will be made. Alex Salmond will over time be quietly side-lined and stability will be restored.

Democracy in action.

The Ideological Roots of 21st Century National Socialism

The Ideological Roots of Modern National Socialism are to be Found in the Principles and Theories Laid Down in the Germanic-SS in the 1940's.

The Germanic-SS Developed the Concept of a Pan-European National Socialist Movement Which Embraced All European Nations. Those ideals Spread Beyond 1945 and Evolved Into the Form of National Socialism Advocated by British Movement Today.

The Symbols of Our Race, the Symbols of Our Folk The Symbols of Our Movement

Over the decades the British people, our Folk, have lost their connection with many of the symbols that once they would have recognised immediately and would have understood their significance and meaning, be it traditional, cultural or political. There has been a deliberate 'dumbing-down', to use an American expression.

This is partly to remove anything that applies only to those of White British ancestry, to remove any symbolic device that might offend ethnic minorities or not have a meaning that can be shared by a multi-racial community.

On the extreme-Left for several decades there have been mutterings about a new flag for Britain, that the Union Flag (Union Jack) has echoes of the Imperial past and does not represent a modern, 'inclusive, diverse' British population.

The Red Hand flag of Ulster has managed to survive the pressures from the politically correct - so far.

The multi-culturalists keep harping on about 're-claiming' the English flag of St. George from what they call the 'Far-Right'.

Getting the symbols of our Movement and of the broader Folkish heritage back into the public mind, to restore their recognition is part of our overall propaganda struggle.

Our Movement must create an immediate association in the minds of the White British public when they see the BM Sunwheel banner, or see the Phoenix of British National Socialist revival.

To revive an understanding of the meaning of the Life Rune, Thor's Hammer, the Tree of Life, and other powerful Runic symbols.

That is part and parcel of our mission.
A Folkish Aryan Renaissance.

'Talk About Wake Up England !'

At the age of 76 years, having served in the Army in the Tanks in the 1950's and having worked all my life; I have 6 grandchildren and I fear for their future.

I have watched this island of ours decline, but not as fast as it is now. Our culture is being taken away from us bit by bit.

The situation is getting so bad now, here a just a couple of examples;

The old clothing store John Lewis is now selling hijabs for Muslims; Gideon Bibles have been placed in hotel rooms for 150 years, but now they have been removed in case they upset Muslims and Jews.

Many stupid people, including this government seem to lack common sense, seem to think in their wisdom that racial integration works.

Well, tell that to the 1,400 White girls, some as young as 11 years old, who have been sexually abused by those filthy Pakistani scum in Rotherham over the past 16 years.

In the Rotherham case children were doused in petrol, tortured, cut up, raped and beaten. And what has been done ? Nothing!

The Leader of Rotherham Council, who is left-wing Labour, has stood down, that is all.

Why do they tolerate such scum in this country?

The orders came from the top not to pursue this. What I would like to know is 'Who gave the orders?' and 'what is going to be done about that ?'

Over the years I have been a member of the NF, and the BNP. BNP Leader Nick Griffin raised the Asian child-sex grooming scandal over 10 years ago, and he was threatened with court action for being 'racist'.

As I said before, I am 76 years of age and I am a National Socialist and proud of it.

I have a large portrait of the Fuhrer in my living room, and I know that if this country had not been so stupid as to declare war on Germany in 1939, this country would now be a cleaner place. The Fuhrer would have found a place for those scum who abuse children.

That is why I long for a day when National Socialism rules Britain.

RADICAL OPINIONS

Opinions expressed in this column do not necessarily reflect the official British Movement position or policy but are included to stimulate debate and discussion on a wide range of topics of interest to our National Socialist and racial Nationalist readership.

Remember the Falklands War ?

When Margaret Thatcher was Prime Minister, the Argentinians invaded the Falkland Islands, a British territory. The islands lie several hundred miles off the coast of Argentina but they claimed them as the 'Malvinas'.

In Britain the political Left supported the Argentine action, claiming that it was about British imperialism stealing another nation's territory. Thatcher was advised by some members of her Cabinet that it was not possible to retake the Falklands and she should negotiate a settlement deal with Argentina. But some of her military chiefs, especially certain Admirals said that the Navy could quickly raise a task-force and the re-capture of the Falklands was possible. Thatcher wanted a boost to her flagging reputation and decided that a war was the way to achieve that. The task-force was raised and sent to the South Atlantic in a blaze of patriotic propaganda.

Most readers will be aware of the outcome of the Falklands War, but how many know that Israel

supplied the Argentinians with missiles, bombs,ammunition, jet aircraft, spare parts and other military hardware ? Israel allegedly provided ground crews to repair and service the planes. Yet the Thatcher Government insisted that Israel was one of Britain's allies. There were rumours that Israel even supplied pilots to the Argentinian air force during the Falklands war.

Don't look for any revelations about that in any British newspapers, because Israel is always treated in the British press as a 'special case'. Recently a senior Argentine politician announced that British forces were so weak after years of defence cuts, that the British were no longer a threat to Argentina. Does that mean that the Argentinians are working-up support for a future assault on the Falklands ?

No doubt the current British Government will say that Britain can no longer afford to defend the Falklands - but will continue to send billions of pounds worth of aid to Africa and the rest of the Third World. HM - Glasgow

IMMIGRATION HAS RUINED OUR NATION!
The main political parties constantly keep the drum for immigration and treat the statistics from this or that official 'Think Tank' that the Westminster politicians say prove that immigration is somehow good for Britain.
British Movement says that Immigration Has Ruined Our Nation. Immigration since 1945 has changed many of Britain's towns and cities beyond recognition. Immigration has brought a whole raft of problems to Britain that never existed here before, a whole range of crimes that never existed here before. The population of Britain continues to rise and forces ever increasing pressures on housing, health, education and social welfare on hundreds of thousands of immigrants, refugees and asylum-seekers continue to come into Britain and are allowed to settle here. The ordinary British people have second place to the newcomers in many of our urban centres and the majority population of Britain's capital city, London is no longer White British.
The White British are now a minority in their country's first city. This is wrong!

ROTHERHAM

THE CHILD SEX GROOMING GANGS

**THIS IS AN ATTACK ON ALL WHITE BRITISH WOMEN AND GIRLS
NOT JUST THE 1,400 VICTIMS IDENTIFIED IN ROTHERHAM SO FAR.....**

By now everyone in Britain must be aware of the disgusting scandal in Rotherham, where an official report estimates that between 1997 and 2013 over 1,400 under age girls were groomed, raped and trafficked by organised sexual predators. The harsh facts that almost all the girls, some as young as 10 years of age were White British, and the rapists and pimps were virtually 100% Asian Muslims, or 'Pakistani-heritage' as the media insists on calling them, has kept the story hidden for 16 years.

The same old story as told before in Rochdale and Heywood, Leicester, Derby, Oxford, Telford, Keighley and other cases. The local councils, social services and police all ignored the problems because it meant digging into racial matters. Social workers from Rotherham and South Yorkshire Police officers admitted that they were afraid of being labelled 'Racists' if they tried to investigate or arrest Asian gangs.

On the BBC TV 'Panorama' programme about the Rotherham scandal, one White girl who had been groomed and trafficked told the reporters that when she was 14 years old, she had a Pakistani 'boyfriend' (he was 27 years old, married with two children); but when she was being driven about in his car her groomer told her that if the police tried to stop him he would *"play the race card"* and the police would back off.

There are more such cases in the pipeline and despite all the official denials - this is about Race - it is about ethnicity and culture - White British girls and women are not halal meat!

THIS IS THE TWISTED HISTORY THEY ARE TEACHING OUR CHILDREN

Black History Month - October 2014

The renegades behind promoting a multi-racial Britain are now claiming that there have been Black people living in Britain for almost 2,000 years!

That way they can brainwash people into believing that they belong here.

Schools and colleges are being encouraged to promote and support the Black History Month project. This project was first set up several years ago and is pushed out every October to convince British schoolchildren and especially black and Asian children that they actually belong in Britain.

The manipulators behind Black History Month seize on scraps of 'evidence' claiming that there were African soldiers in Britain with the Roman legions, or some Tudor aristocrat had a black servant, or there were black sailors living in Bristol in the 18th Century. This does not make a historic population, but they claim it does and this nonsense is funded by the British tax-payers .

" We must strive to correct the impression, assiduously conveyed by our opponents, that our motivation is racial hatred, not merely because of the law, but because it is not the right motivation, which is love for our nation and homeland."

BUILDING AN N.S. FUTURE

The creation of a National Socialist state in Great Britain is the ultimate goal of British Movement, and in order to achieve the creation of a National Socialist 'New Order' in the UK, we must first create the political conditions by which this situation can be realised.

This will be a long and difficult struggle, but it can be done, and for the future of our people it must be done. We must right the wrongs inflicted upon our people in the name of multi-racialism and multi-culturalism, we must regain the birth-right of our people taken from them by stealth and the lies of democratic politicians and Left-wing ideologists. So-called progressive thinkers and opinion makers who have corrupted our nation's psyche.

We Will Have Our Country Back!

We Must Convince The British People That The Existing 'Democratic' Political System Is Not To Be Trusted. Our Propaganda Must Generate A Rejection Of The Mainstream Political Parties And The System That Supports Them.
The British People Must Reject The Failed 'Old-Gang' Establishment And Look Towards A New Order - A Radical National Socialist Alternative.

It is a fact that fewer and fewer ordinary members of the British public bother to vote at election time. Whether it is in a General Election, a parliamentary by-election or in the local authority elections. On top of that increasing numbers of British voters are telling the opinion polls that they distrust MP's and career politicians. The reasons for this are easily understood, the British people are fed up being lied to by the mainstream political parties, they have seen how far removed from the lives of ordinary working-people the professional. career politicians at Westminster really are.

The British people are waking up to the fact that the UK's so-called 'Democracy' is anything but democratic. There is now a long litany of crimes to lay at the door of modern Britain's political system. The scandals of corrupt MP's and members of the House of Lords being sent to prison for their false expense claims and false housing claims. The widespread abuse of the Westminster expenses system continues to rumble on and has claimed prosecutions from all three main political parties.

Over the last forty years a regular list of local authority councillors from Labour, Conservative and Liberal Democrat parties involved in fraud, tax evasion, scams involving planning and illegal payments, Town Hall corruption, the list is endless. The recent sex abuse scandals involving certain Whitehall advisors and MP's who have been caught in possession of child pornography.

The Liberal Democrat MP Chris Huhne was jailed for perverting the course of justice after lying about a speeding offence.

The historic Cyril Smith MP sexual abuse of boys scandal, the ongoing official investigation points to a cover up of Smith's crimes by the Security Services and Whitehall Civil Servants.

The Establishment cannot be trusted. In our propaganda British Movement will remind the British public of these and other crimes and abuses by those politicians in power. It will hammer home the message that 'Democracy' does not work for them. The System has to be changed.

"As long as resistance is offered to the conspirators, so long can it truthfully be said that the vital spark of the national spirit is being kept alive."

Dear Broadsword,

Thank you for sending me issue 49, there are many interesting points in it.

One point I noted was about not marching like in the 'old days'. The point I wish to make is that in those days this country was mostly made up of indigenous Aryan folk, especially in the cities. Now most of these towns and cities consist of every colour and creed you can think of, you are lucky to see a White face.

I was a member of the NF in the 1970's, the early '70's, even in those days it was usually a blood bath, our marches being attacked by blacks and Left-wing thugs. It has always been hard to get anywhere in a 'Far-right' party in Britain. If a Right-wing party tries to get somewhere, up comes that word again 'Holocaust'. The younger generation have been brain-washed. They don't realise the benefits of an NS society.

Sadly the indigenous Aryan folk of these islands are being slowly pushed out. Just like in the Rhineland in the pre-war 1930's days. German folk were persecuted in Poland, Czechoslovakia and other former German territories. The difference then is that they had a 'Fuhrer' Adolf Hitler to stand up for them. The Aryan folk of modern Britain have no one.

Take a look at this so-called British Government, you have black MP's, Asian MP's, and Gay MP's. What a sorry state we are in.

For an example: Today, 22nd May 2014; a year ago Fusilier Lee Rigby was butchered on the streets of Woolwich by two African maniacs. But not a word in the newspapers, no stone, no statue to mark where he was murdered. That sums it up. The English no longer count.

On TV they showed Lee Rigby's mother in Woolwich, she was begging for some kind of plaque to her son's memory, but the council will not do that.

But Stephen Lawrence has a plaque, so does Nelson Mandela, it is a total disgrace.

But - one bit of good news. People are starting to wake up, especially in France where the Front National has swept closer to power. Perhaps there is hope for our indigenous folk yet.

Unless the people of this country wake up to the immigration problem, not so much to that from the EU countries, but the flood of useless dregs from Africa and the corrupt Pakistanis and Bengalis.

Keep this country White it is our only hope.

Dear Broadsword

National Socialism is a racial-revolutionary creed.

The stark truth is that all races are 'racist'.

Sterile Democracy is destroying itself through its own inherent contradictions.

Dear Broadsword,

In 1997 the first reported case of 'Grooming' (a lovely P.C. word) of White children, girls, by Asian gangs was recorded. This was also the year that a New Labour government took power.

New Labour was obviously a bunch of Marxists who had adapted capitalism and re-packaged it as 'New Labour'. They had no qualms about using some, or indeed all, of the tactics of the former Soviet Union to suppress and oppress the population; political correctness etc all now being state enforced.

The Soviets used rape, gang-rape, sexual torture and humiliation of anything female, from the youngest child to the oldest women as a weapon when the Red Army advanced across Europe at the end of the Second World War, as well as in every country of Eastern Europe that Stalin's forces occupied.

So it is of no surprise then when Labour Party run councils ignore, cover up, hide almost identical crimes being committed in Britain between 1997 and 2013.

It appears possible that the previous Labour Government issued instructions that councils, social services, police etc should not investigate such crimes in the interests of community cohesion. (The Labour government had relaxed immigration controls to boost multi-culturalism)

So it is possible that by ignoring the sex crimes committed by ethnic minorities a further weapon was being used to weaken and destroy traditional British society, which the Marxists hate.

Destroy the youth and you destroy the future.

Anyone who has had any dealings with a Labour run council will know just how corrupt and inept they are.

Many are now nothing more than capitalists masquerading as socialists for their own ends.

I recently tried to make complaints about the deplorable behaviour of a local Labour councillor, and came up against a wall of first silence, then ineptness, corruption and ignorance which even Stalin would have been proud of.

It seems obvious that such levels of ignorance and cover up have been ordered by someone. In the grooming crimes someone high-up must have ordered police, social workers, councils etc, not to investigate. It cannot be that every single person involved in such agencies was incapable.

I am sure that the so-called public inquiry into these crimes will return an already pre-determined verdict, and no one will face trial or imprisonment.

The victims, the White girls will be judged to be 'slags', the abuse they received as punishment for not complying with the more extreme demands of their 'groomers' was so extreme as to be unrepeatable. Yet the victims were treated as criminals not the groomers.

Some of the horrific punishments pre-dates Islam and was used as entertainment by those other corrupt diversity lovers the ancient Romans at their orgies.

Destroy the youth and you destroy the future.

KR Cumbria.

the Nonsense They Write**

The above item appeared in the Television section of the 'London Evening Standard' June 16th 2014. Pre-viewing a so-called docu-history due to appear on the National Geographic channel.

Advertised as 'Hitler's Jurassic Monsters', the programme purported to be about a project by scientists in the 'Third Reich' who were trying to revive species of pre-historic animals.

This is a distortion of history.

In Germany in the 1930's, the National Socialist regime passed the most advanced environmental protection, wildlife protection laws and anti-poaching legislation, decades ahead of the rest of Western Europe.

In his role as Reichs Hunting Master, Hermann Goring set out to re-introduce forest species that had been driven towards extinction in Europe and set up captive breeding programmes to save endangered forest bison, bears, wolves and elk.

Although he enjoyed hunting, Hermann Goring sought to restore the great forests of central Europe together with their ancient species of wildlife.

So the above newspaper columnist claims that, *"Goering and his like were insane."* He probably believes that lie to be true.
